FALL 2025

BUILD YOUR OWN WORLD

brixl

Brintons proudly presents our Self Expression Fall 2025 collection from Francis Pye, Senior Designer.

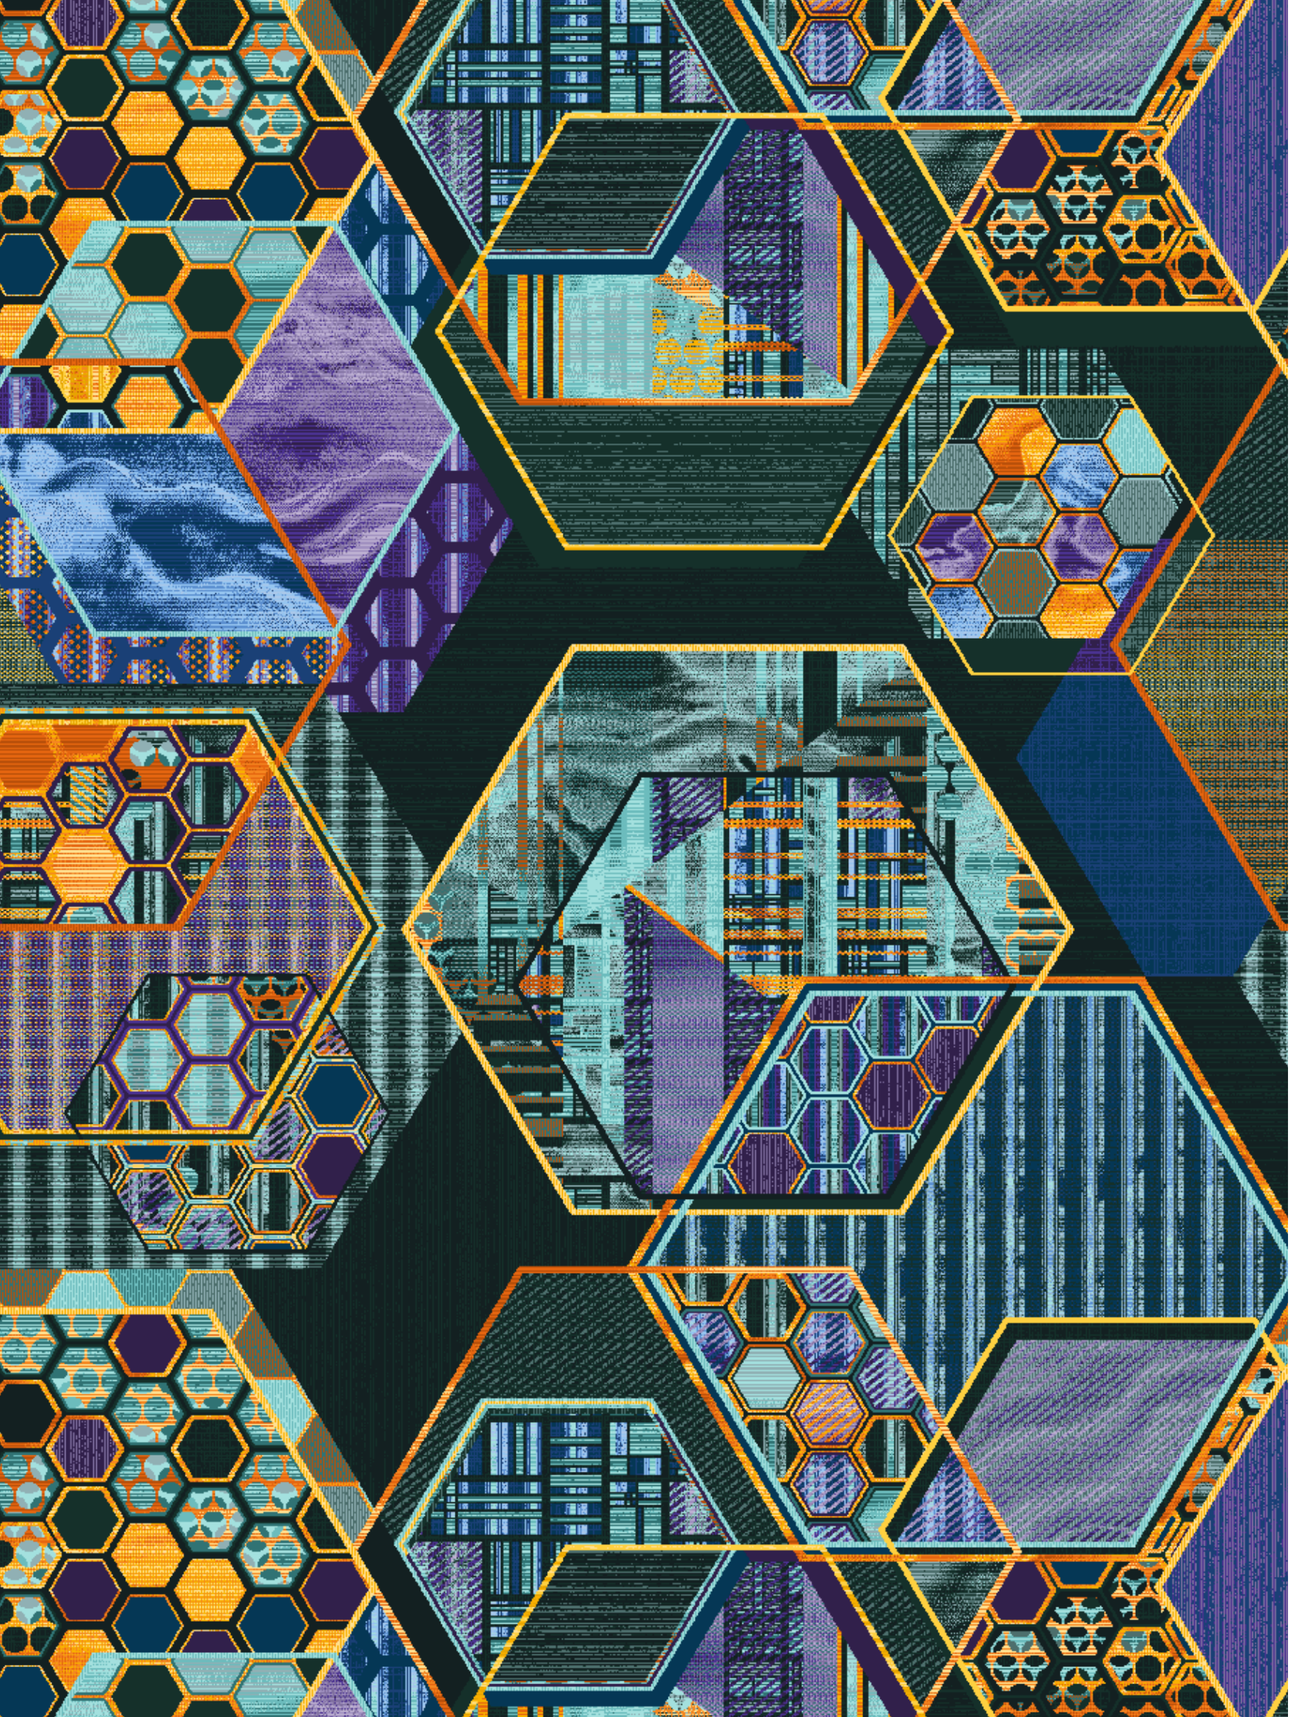

Brixl draws inspiration from the eclectic aesthetics of city architecture, celebrating the rich tapestry of patterns, culture and nostalgic charm found while wandering urban streets.

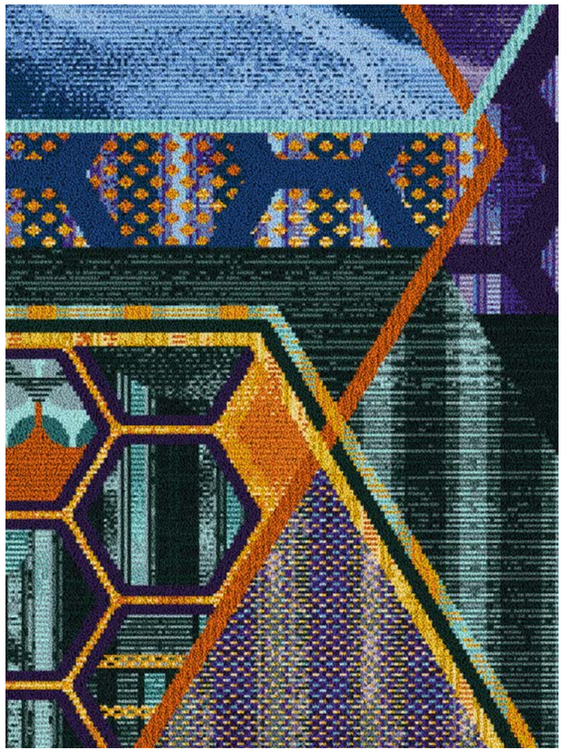

It aims to evoke a retro revival spirit by infusing classic Art Deco elements with a funky Pop-Art twist, resulting in a fresh and dynamic visual experience.

Bold geometric forms and vibrant colour palettes come together to create an energetic, playful vibe that reimagines vintage motifs through a contemporary lens.

Each piece is designed to take the viewer on a multisensory journey- where texture, pattern, and colour converge to excite and stimulate the senses.

BUILD YOUR OWN WORLD

brixl

Every design begins with imagination, the building blocks of creativity. For me, those blocks were, quite literally, bricks. My fascination with architecture and design grew from a childhood love of constructing and shaping worlds with LEGO.

It's a passion that never left me and one that continues to inspire this collection.

Architecture sits at the heart of our lives. We build homes, towns, and cities from the ground up, shaping them to reflect both individual and collective identities.

Walk through any city and you'll see a living time capsule, a blend of eras, cultures, and influences, all interacting within a constantly evolving landscape.

Francis Pye
Senior Designer

That creative language of construction is what I wanted to capture. Like a child with LEGO, I envisioned a collection that can be built, deconstructed, and rebuilt in endless ways.

A collection that invites interaction, collaboration, and imagination, growing and transforming just as the architecture around us does.

The most rewarding part of my work is exploring the imaginations of our clients and bringing their worlds to life, pixel by pixel, through illustration and visual storytelling.

This collection isn't just design, it's an invitation: come explore with us, create with us, and build your own world.
