Brintons

Project: Heritage Oaks Golf & Country Club
Details: Axminster

Brintons partnered with Peacock + Lewis to help reimagine Heritage Oaks Golf and Country Club, a beloved Sarasota destination.

Originally defined by the deep browns and classic detailing characteristic of the 1990s era, the Club sought a lighter, more contemporary identity that would reflect the vibrancy of its Gulf Coast setting while honoring its community.

Brintons was selected to supply custom Axminster carpet, introducing a palette of uplifting blues layered with sophisticated neutrals. The design brings a sense of calm energy to the interiors, balancing freshness and warmth while creating a cohesive visual thread throughout the Club.

Executed in two carefully planned phases, the renovation prioritized both design excellence and uninterrupted member experience. Key spaces included the Lobby, Main Dining Room, multipurpose rooms, and the Club's signature restaurant, The 19th Hole, a central social hub for members.

The result is a thoughtfully revitalized destination that feels timeless yet contemporary, vibrant yet welcoming, and distinctly Sarasota in both spirit and style.
