

Brintons

Project: The Carolina Hotel

Details: Axminster

Brintons luxurious Axminster carpet was chosen for The Carolina Hotel at Pinehurst.

Upon arrival, guests are welcomed by eleven Axminster inset rugs, each woven in unique yet complementary designs. These rugs feature central motifs of florals, diamond shapes, and interlocking loops, creating an intricate lattice effect in a palette of muted blues, grays, and tans.

The soft, neutral tones enhance the sophistication of the patterns, perfectly aligning with the hotel's classic architecture and elevating the Southern elegance of the space.

In addition to the lobby rugs, broadloom Axminster carpet has been installed in the hotel corridors, ensuring durability and style. Brintons QuickWeave program was utilized in the Villaggio Ristorante to meet the client's approaching deadline.
