Brintons

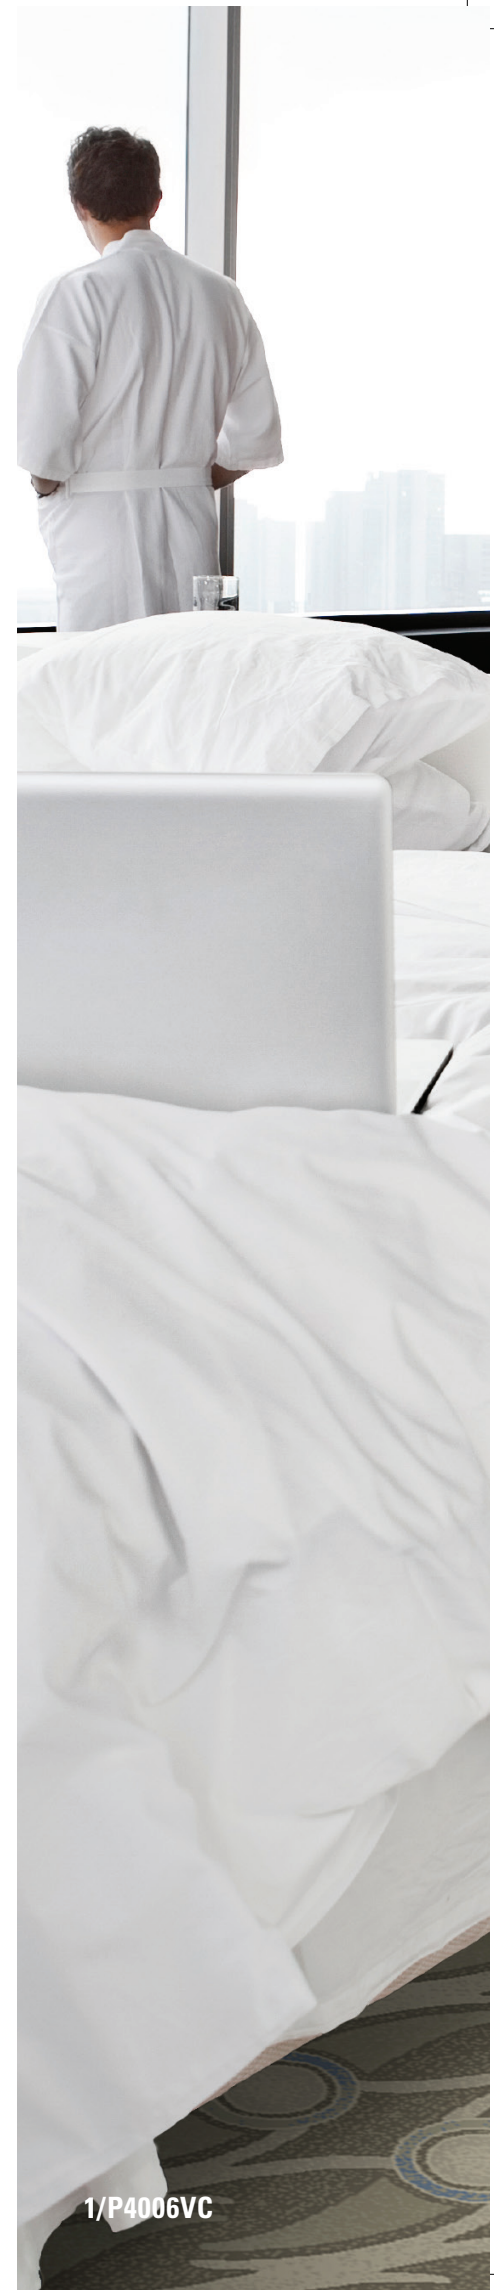

chapter one

vector concepts

“Vector Concepts” has been carefully developed by the Brintons design team to offer interior designers a collection of design material that is entirely new, fresh and has never been published before. The collection is divided into four distinct style statements that offer new themes of inspiration in design within a delicate neutral colour palette which is very suitable for the Hospitality and other Commercial interiors today. These fresh designs are offered as a bespoke programme, so users can select a design and colourway as presented in their delicate neutral palette, or change any element of the design or colour using our state of the art design service and standard colour system.

Vector Concepts will be enhanced in coming months with new additional concepts to ensure that the collection compliments new trends in interiors and the needs of our clients in all markets.

“Vector Concepts” is also available through Brintons Design Studio (DSO) on line programme where users can interact with their chosen designs, recolour them and view them in a room. This can be accessed through registration on Brintons .net
